
Institutional Support for 4EU+ Collaboration

Charles University supports teams collaborating with partner universities within the 4EU+ Alliance through its programme for excellence and opportunities within the 4EU+ Alliance (**FoCUs: 4EU+**). Funding is provided under three project schemes: **4EU+ Synergy Projects** (support for academic and student projects), **4EU+ Bridging Projects** (support for student and academic mobility within the 4EU+ Alliance), and **Special Support for Strategically Significant 4EU+ Projects** (see below).

The above-mentioned project schemes are governed by [Rector's Measure No. 4/2026](#).

Would you like to learn more about university-level support for 4EU+ projects? Watch the recording of the information webinar held on 3 February 2026. The webinar [presentation is available here](#).

If you have any questions regarding the project schemes, please contact your [4EU+ faculty coordinators](#) or the [4EU+ Local Office at Charles University](#).

Funded Projects 2022–2025

Special Funding for Strategically Important 4EU+ Projects

Charles University may award special support, outside the standard project schemes, to **strategically significant projects that strengthen long-term cooperation within the 4EU+ Alliance** and demonstrate **substantial innovation potential within the academic environment or on a global scale**.

This support is intended for large-scale projects that enhance alliance-wide collaboration in the areas of research, education, or societal impact.

A proposal for special support may be submitted by:

- a member of the Rector's Board responsible for 4EU+ matters,
- a faculty Vice-Dean responsible for 4EU+ affairs, or
- the university's representative in one of the 4EU+ Alliance Flagships.

Proposals may be submitted outside regular calls. They must be submitted using the form (see below) and sent via email to 4euplus@cuni.cz. The decision on awarding support is made by the Rector of Charles University.

The maximum amount of funding available is **CZK 1,000,000**. Project implementation follows the same rules as for [4EU+ Synergy](#) projects.

The principal investigator of a strategically significant project must be an academic staff member of Charles University with a minimum employment of **0.5 FTE**.

Each project must align with the [4EU+ Strategy 2025–2035](#) and correspond to one of the four selected thematic areas ([Flagships](#)) of the 4EU+ Alliance:

1. Urban Health and Demographic Change
2. Europeanness: Multilingualism, Pluralities, Citizenship
3. Digitisation – Modelling – Transformation
4. Environmental Transitions

or must focus on issues related to the European higher education sector and the development of an alliance ecosystem within the European Education Area.
